

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

The airwaves are owned by the public, and the FCC is supposed to ensure that they are used in the public's interest. Allowing more consolidation of media outlets hurts the public by limiting the number and range of views that the American public can access.

Democracy does not work if the public is ignorant!
